**HAPPY
HOLIDAYS!**

FRIENDS PLAY TOGETHER

It is the school holidays. Singa and the Kindness Cubbies gather at Tosh's house for a day of fun and learning.

And this is my latest brick game app. I was going to build a bridge.

Maybe we can all build it together. Can we do that, Tosh?

Tosh is excited to share his game.

Kalle gets excited while playing and forgets to give the others a chance to play.

I want to do it!

The others look bored as Kalle plays by herself.

Isn't this fun, Kalle? How about letting the others try too?

Oh dear, I'm sorry. I got carried away. Here you go, Singa!

Singa grins, excited to have his turn.

Thanks Kalle!

Everyone enjoys building the bridge together.

OBJECTIVE

This game is best played with your family. The objective is to be the fastest player to identify the various scenarios and share your views on them.

At the end of the game, the player with the most points wins, but everyone also finishes the game enriched by each other's sharing!

HOW DO WE PLAY THE GAME?

1. Shuffle the Spot Cards together and place them face-down by the side.
2. Appoint one player as the game master who will be in charge of flipping over the top card in the deck. You may take turns to be the game master.
3. The game master flips over the top card.
 - a) All players are to search for the exact scene depicted on the card. The first person to find it must place his/her finger on the exact scene.
 - b) He/she will describe what the kind or unkind act is. If the act is unkind, he/she must share what he/she would do if he/she was the character. He/she will then get to keep the card.
4. Repeat step 3 with all the cards in the deck.
5. Tally the points indicated on the card. The player with the most points wins!

What have you learnt about kindness and graciousness after playing this game?
Share them with your family!
