WELCOME TO SCHOOL

It's the first day of school...

I'm so excited to start the new school year!

Look at all these new students. We are going to make so many new friends!

Have you seen our new timetable? I can't wait to start learning new things!

Yeah! I'm looking forward to the class assembly. I heard that the Soaper 5 are coming!

The Soaper 5? Cool!

Hi there
Cubbies!

to fight germs
and viruses
that make
people sick.

Good to see
you guys!

Come on!
We are going
to share
helpful tips!

Yay!
Let's go!

**At the door to
the classroom...**

Wait up! Let me
scan all of you to
make sure nobody
is bringing any bad
viruses into the
classroom.

All clear! Remember, if you have a fever or feel unwell, you should avoid coming to school or going out.

Yes, I remember! If that happens, we should see a doctor as soon as possible.

That's right! Go ahead, you may enter now.

Remember to maintain a safe distance when you take your seats too!

Of course! We will spread out.

The Soaper 5 share handy hygiene tips during their assembly talk.

My superpower allows me to scan people to check if they are sick. But you can do it too. Just check your temperature every morning!

How do you chase germs and viruses away? Wash your hands properly!

Sing the 'Happy Birthday' song in your head, and keep soaping your hands until the song ends. Fun, right?

Try not to touch your face with your hands. That way, nasty germs can't get into your eyes, nose, or mouth.

Always wear a mask when you go out. If you are sick, do stay home.

If you feel sick, don't come to school. If you are already here, tell a teacher as soon as you start feeling unwell!

And don't forget! Always make sure you clean up after yourself! Throw away used masks and tissues. Clean surroundings are safer for everyone!

Ooh! These are all excellent ways to protect ourselves, and our family and friends, too! Let's look out for one another.

Yes! I will make sure to follow all of these tips. Our school will be a wonderful place if we all play a part in keeping it safe and healthy.

That's right!

GETTING READY FOR SCHOOL

How do you feel when you move into a new year? Do you feel happy and excited, or perhaps nervous and anxious?

How feeling anxious about something can look:

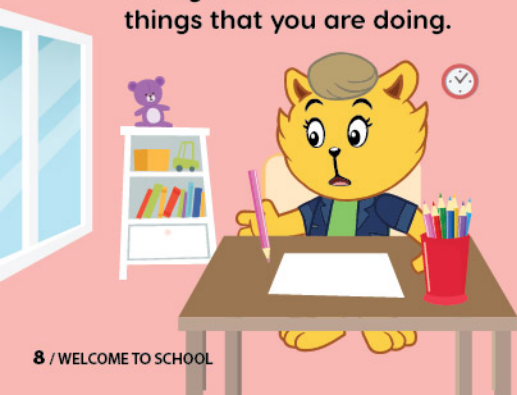

Having a lot of worried thoughts.

Having trouble sleeping at night.

Being unable to focus on things that you are doing.

Feeling like there are butterflies in your stomach.

If you're feeling anxious about starting school, here are some things you can do to help yourself feel better:

Talk to a trusted adult about how you feel.

Take your mind off it by doing something you enjoy.

Invite a friend to join you in taking a walk around the school during recess.

Start a journal and write down what you look forward to in school.

Mask Up Mei Mei

Wipe Up Wilson

Heads up everyone we've got a Hands Down Hana in the house!

Well, well, we've got a Virus Screener Varun at heart here!

You are such a Super Soaper Sofly!

Hello Mask Up Mei Mei!

Welcome to the gang, Wipe Up Wilson!

You will be sure to tell people not to touch their faces with their hands after touching dirty surfaces. After all, it's for their own good.

Taking your temperature twice a day is part of your daily routine. If you're unwell, you'll see a doctor immediately. Good hygiene is your passion.

You like to dance and wash your hands. Handwashing with soap removes germs from your hands, and also makes them smell good, so why not?

Wearing a mask when you are out is how you keep viruses from spreading.

You're always helping to clean up after you're done. A great weekend for you means staying home and wiping down all the furniture with towel and soap.

Your catch phrase: No touchy touchy till you washy washy!

You hate it when people don't wear their face masks properly. After all, what's the point of wearing a mask if you're going to leave your nose uncovered?

Your favourite quote: Clean or not clean, there is no in-between.
