Dear Teachers,

The Singapore Kindness Movement (SKM) believes that early education is important in laying the foundation for good character development. Thus, we hope that this complimentary big book copy of *Virus in Kindsville!* can help impart lessons on kindness, raise awareness, and boost your student or child's understanding of social responsibility amidst the pandemic.

Adapted from the Singa and the Kindness Cubbies Animation episode, *Singa and the Kindness Cubbies - Soaper 5 To The Rescue!*, this book features our beloved Singa and the Kindness Cubbies, as well as their new friends, the Soaper 5, a band of anti-viral superheroes created by the Ministry of Education during the COVID-19 pandemic.

You may wish to complement your storytelling session by screening the video from our YouTube channel as well:
